**We help people create their sanctuaries**

We're all spending more time at home lately. Water My Plants can help you create the verdant living space of your dreams, regardless of skill.

- Create a personalized profile with all of your plants
- Learn more about the needs of the plants in your home
- Keep track of watering and set up reminders for when they're getting thirsty
- Earn badges for great plant parenthood

**SIGN UP**

**step one**  
Create a profile, fill in your plants, and tell us the last time you watered them.  
  
We'll keep track of this from now on, so you can get back to your busy life.

**step two**  
Browse your profile and learn more about your plants.  
  
We'll give you tips that'll turn anyone's thumb green, and notify you when we think your plants need some extra love.

**step three**  
Take a deep breath. Feels fresh, right? Your plants are already cleaning your home's air and lifting your mood while you earn badges for giving them good care.  
  
Check back in regularly to give them the love they deserve, and they'll keep loving you back.
